

GOVERNMENT APPROVED MODULAR WALLING

Secure Modular Walling Range – Government Approved

+44 (0)1234 826 316 - sales@staffordbridge.com

This Government-approved secure modular walling, revolutionises high-performance security. Providing bespoke protection for high-value assets, the secure walling delivers unparalleled flexibility using an easy-to-install, modular approach.

Whether you need to enhance the security of an existing room or build a standalone facility, our Government-approved secure walling offers you the highest rated security solution on the market, tested and certified to meet the stringent criteria set by the National Protective Security Authority (NPSA).

When used in conjunction with our certified doorsets, louvres, windows and barsets, the secure walling forms a formidable barrier for the protection of high-value assets or high-security facilities.
